Description:

North Star Resource Group is looking to find a candidate for an associate financial advising position at several office locations. We are looking for a college graduate or a more experienced individual in a position today without any room for advancement who is looking to start a career all under the guidance of an experienced financial advisor. If you are looking for a career and profession that involves sales and marketing with the ability to have ownership and autonomy; all while making an impact in your clients' lives, financial advising may be a good fit for you. North Star uses a comprehensive 3 phase training process that is designed to get you familiar with the career, fully licensed as a financial advisor, and ultimately help you build a sustainable business. As part of this opportunity, you will work directly with a Senior Advisor throughout the life of the position.
